

# Revel Direct-to-Film Machine Warranty

Warranty by Ricoma International Corporation

## Coverage Period:

This limited **non-transferable** warranty covers machines, products and accessories sold in the USA by Ricoma International. For products that are purchased or located outside of the USA, Ricoma's international one-year warranty will apply. Ricoma guarantees that the covered products will be free of defects in material or workmanship during the applicable warranty period stated below. Ricoma will, at its option, repair or replace a product that is found defective during the warranty period. Warranty work must be performed or authorized by a Ricoma Authorized Representative. If onsite warranty work is required on a new product within the first 90 days after receipt of product, Ricoma will cover all costs related to the service call including parts, labor and travel. After the initial 90 days, this **Warranty covers parts and labor only, and does not include travel expenses by Ricoma's technicians for onsite work**. The customer is responsible for basic troubleshooting with a Ricoma technician before an onsite technician can or will be dispatched. For any damages Ricoma must be notified within 3 days of receiving equipment, failure to notify Ricoma may put you at liability for any of the damages. Please make sure any visual damages are noted on the shipment Bill of Lading. All Sales are final on Equipment! Seller's obligations under these warranties are limited to, at Seller's sole option, replacing or repairing the Revel Direct-to-Film Printer at Seller's cost, if the Revel Direct-to-Film Printer is found to be defective, in which is not caused by customer's failure to perform proper maintenance as recommended by the manufacturer, and provided that the Direct-to-Film Printer is, upon request, returned to Seller at its place of business, transportation prepaid.

- **Non-consumable Parts and Technical Labor:** Covered for 1 year.

## Responsibilities of the Customer:

- Any damaged or defective parts under warranty must be returned to the Company within 30 days to receive credit.
- Customer is responsible for basic troubleshooting before a tech can or will be dispatched.
- Customer is responsible for cleaning printhead and corresponding areas, lubing machine, replacing and changing consumable items
- The customer is responsible for all shipping costs of parts and travel expenses of a technician after the initial 90-day claim period and labor after the first year after delivery.
- Modifications made by the Buyer to the herein specified machine and/or part(s) shall void this warranty unless approved in writing by the Company prior to modification.
- For any technical labor performed, the claim period is 7 days if the customer experiences the same technical problem(s).
- 1-Year Limited Warranty applies only to Revel Direct-to-Film machines purchased from Ricoma in the United States and is nontransferable.
- Customer is responsible for cleaning printhead and corresponding areas, lubing machine, replacing and changing consumable items.
- The customer is responsible for all shipping costs of parts and travel expenses of a technician after the initial 90-day claim period and labor after the first year after delivery.
- Modifications made by the Buyer to the herein specified machine and/or part(s) shall void this warranty unless approved in writing by the Company prior to modification.
- For any technical labor performed, the claim period is 7 days if the customer experiences the same technical problem(s).
- 1-Year Limited Warranty applies only to Revel DTF Printer machines purchased from Ricoma in the United States and is nontransferable.
- Failure to follow required Maintenance of the machine, as taught in training which include the following:
- Training: Turning on the machine prior to training will void the warranty! Failure to take the training will result in your Warranty being voided.
- Training is forever and free.
- After turning on the printer, it is important to run a daily Nozzle Check to spot Potential clogging issues, failure to do Daily Nozzle checks will void the warranty.
- To maintain the validity of your warranty, it is required that the printer be properly shut down following the manufacturer-approved procedure. This includes emptying the ink tank, flushing the white ink lines using the Cleaner Charging function, removing the dampers from the white ink printhead, replace ink with storage fluid, and securely capping the printheads with caps filled with storage fluid. Additionally, customers must have a certified technician guide them through the shutdown process. Failure to complete the shutdown procedure as outlined or to obtain proper training from a technician may result in voiding the warranty. These steps are essential to ensure the printer remains in optimal working condition during periods of inactivity.
- Humidity & Temperature: Keep the Humidity above 45% relative Humidity, extensive time below this level will cause the Printhead to dry out and clog the Printhead. A Non-condensing humidifier is recommended if you are unable to reach necessary Humidity. Temperature, must be between 59F-90F, failure to maintain the correct temperature can cause clogging.
- Low Ink: Add ink immediately when the Low Ink notification appears to prevent air from entering the ink lines.
- Maintenance: Failure to perform maintenance, Daily, Weekly and Monthly when required will result in clogging. This includes, but not limited to Cleaning Printhead, Maintenance Station, emptying Waste Container.
- Storage Mode: Not properly putting machine in Storage following the instructions will cause the machine to clog and will not be covered by Warranty.
- Error Codes: Failure to notify us of any errors within 72 hours could cause clogging if not rectified. Immediately when you receive an error code and you cannot resolve on your own, please cap the printhead to alleviate potential clogging.

## Exceptions: Consumable Items

- Consumable and/or expendable components such as dampers, wipers, inks, ink stack (wetcap station), transfer paper, transfer powder, cleaning solutions, cleaning items, storage solutions, encoder strip.

## Return Policy:

For product returns under warranty, Ricoma will issue a Return Materials Authorization (RMA) Number. Once it is determined an RMA, is needed for your product determined by a Ricoma Authorized Representative, please utilize one of the following methods to have the RMA fulfilled.

- Customer will be pre-charged \$200.00 for product(s) along with shipping, that is required for the RMA. When the defective product(s) is received back the customer will be refunded back the \$200.00 minus shipping of the RMA product.
- Customer can Cross-ship the defective product(s) to Ricoma, and as soon as there are trackable changes, to see the defective product(s) is in transit, we will ship the replacement product(s) to the customer.

You must return the products using the proper packaging, with the RMA # clearly indicated on the outside of the box. You must ship the products to Ricoma within 20 business days of the date the RMA # is issued. Failure to return products within the allotted time will result in charges being assessed to your account for the purchase price of any materials shipped to you, forfeiture of the \$200.00 deposit, along with your Warranty placed on hold.

If Ricoma determines that the problem is not covered under warranty due to any of the conditions named above, Ricoma will notify you and inform you of alternatives that are available to you on a per charge basis.

Parts used in performing warranty repairs may be new or refurbished. Refurbished parts are the equivalent to new in performance. Replacement parts are covered for the remainder of the original warranty period. Parts replaced in performing repairs become the property of Ricoma. If the machine needs to be replaced, Ricoma may choose to replace it with a new or refurbished, like for like, production machine and the replacement machine would be covered for the remainder of the original warranty period.
